This is Your Tool ...

to encourage youth leadership and influence your school: Go to the web-site, download the bi-weekly poster edition. post it on the school Positive News Board. Take the Positive News lesson plan.

Set up your own local or national edition: Set up an editing team. Connect with your local positive actors, in school, in your local community, the arts and media, politics and change. Use the **free** online editing service to develop, research, share and publish your own regional online edition on the global Positive News Your Views network.
